

AMARE ENERGY+™

DRAGON FRUIT

What It Is

Amare Energy+™ Dragon Fruit is your "ON" switch for next generation concentration and energy support.

- Next-generation energy product that supports concentration and enhances mental alertness.
- NO artificial preservatives, colours or flavours.
- Plant-based and gluten free.
- Caffeine free!

Why You'll Love It

Supports concentration and focus.

Enhances mental alertness.

Maintain energy levels.

No jitters or crash and NO caffeine!

How It Works

- Easy-to-mix formula to support energy levels.
- Plant-based ingredients to support mental focus and enhance mental alertness.
- No jitters or crash like other high-stimulant or high-sugar energy drinks.
- Sip as needed for maximum mental energy benefits.

How To Use It

Thoroughly mix one 6g with 250-500 mL of cold or hot water. Do not exceed more than one scoop per day. Tub contains approximately 30 serves.

Recommend to slightly underfill the scoop.

How Does Amare Energy+™ Work?

Amare Energy+™ is a next-generation energy product that supports concentration and enhances mental alertness, without the jitters or crash you might get from many high-stimulant, caffeine packed or high-sugar energy drinks.

Amare Energy+™ is an effective way to enhance your mental alertness, and support concentration and focus.

Your newfound energy will support you in accomplishing your goals!

Key Ingredients

Rooibos

Provides antioxidant, anti-inflammatory and blood sugar control.

Pomegranate

Contains antioxidants and flavonoids to help prevent free radical damage.

New Zealand Pine Bark

Assists cellular protection, cardiovascular performance and enhanced mental acuity.

Amare Energy+™ is delivered in a great tasting Dragon Fruit flavour that is quick and easy to mix with hot or cold water, or to your favourite beverage.

The benefits of our carefully chosen base ingredients are backed by several clinical studies.**

Amare Energy+™ contains a unique mix of synergistic ingredients that provide improvement in mental alertness, support concentration and focus.
